D. B. Young Retires--New Appointments Announced

A brilliant mining career will end this month when Dave B. Young, vice-president and general manager of Coleman Collieries Limited will retire from active mining.

Announcement was made Tuesday, March 6th by Mr. Young, whose retirement becomes effective as of March 31st.

Beginning a 48-year-long career in coal mining, Mr. Young started in the coal mines in Fyfe, Scotland, and later attended Fyfe Mining and Engineering College from 1916 to 1923. He came to Canada in 1923 and began working for the McGillivray mine of Coleman Collieries in January, 1924, and after a varied mining career, wound up a complete circle of mining by retiring from the mine he started in at Coleman.

In 1927 he went to Drumheller and took over as mine manager of the ABC mines, and returned to Coleman in 1955, after working as general manager of the Luscar coal mine for eight years.

He will remain with the Coleman Collieries in the capacity of vice-president and director.

In his statement Mr. Young said that he had no complaints to make about mining and always found the work interesting and had never regretted going into the business.

Mr. and Mrs. Young plan to move to Edmonton to reside.

While here the couple have taken an active interest in the community's activities. Mr. Young is a member of the Alberta Professional Engineers' Association, and is a member of the Hillcrest Masonic Lodge, and is chairman of the Board of Stewards of St. Pauls United Church. He has also done much work in promoting Coleman rodeo, sports and other community events.

President of Coleman Collieries Limited, Mr. F. J. Harquail announced the following appointments on the Collieries official staff:

Colin A. Blanchflower will take over the duties of general superintendent of the company.

Mr. Blanchflower, a resident of Calgary, is presently employed as a coal cleaning engineer with Simon Carves of Canada Limited. He is a graduate of the University of Leeds, Yorkshire, England, and was previously on the official staff of the National Coal Board of Great Britain prior to his coming to Canada. He was Scientific Officer with the Department of Mines and Technical Surveys at Edmonton from 1950 - 1960. Mr. Blanchflower is married and has one child. His family will join him in the immediate future.

Mr. Harquail also announced the appointment of Jack S. Diskon as project engineer in charge of Special Mining Methods. Mr. Diskon is a graduate of Colorado School of Mines, and is qualified to manage metal mines in the State of Utah. During the past five years he has been employed with the American Gibsonite Company at Bonanza, Utah. He will take over his position with the Collieries on April 1 and his wife and three children are expected to arrive here in June.

Mr. Eugene Fabro, well known in the Pass, and employed by the Coleman Collieries for many years, has been promoted to the position of general superintendent of coal cleaning and manager of the Coleman Trucking Co. Ltd.

Mr. Harquail also announced that William (Bill) Goodwin will remain as manager of the Vicary Creek mine north of Coleman.

It was also learned that Coleman Collieries coking coal orders with Japanese steel firms are to date in excess of last year's by 183,000 long tons.

Contracts are presently being negotiated with the Japanese steel firms for additional tonnages and contracts for this additional business are expected to be completed in the very near future.

Shamrock 'Sp'iel March 16, 17, 18

The Curling Club are completing plans for the third annual Shamrock Borspiel which will be held on March 16, 17 and 18, and will get underway on Friday night with three draws.

This affair will also feature three events with four prizes in each, totalling over \$400.00 prizes. Many entries had to be turned down as the limit of 36 entries was accepted for the 'Sp'iel.

Rinks have been entered from Lethbridge, Pincher Creek, Fernie, Natal, Michel, Blairmore, and Coleman, and draw-master will be Trevor Collier.

The borspiel will be played on four sheets of artificial ice and all matched rocks will be used.

The local club members are at present playing off an elimination series of 12 local teams, who have been divided into two sections.

Winner of the club contest will be treated to a bean supper by the losing six teams.

It is expected that this competition will wind up the season immediately after the Shamrock Borspiel.

Grand Lodge Officer Visits Minerva Chapter

Mrs. Elfreda Dick, Worthy Grand Matron of the Grand Chapter of Alberta, Order of the Eastern Star and Mr. Brock Christie, Worthy Grand Patron, paid their official visit at the regular meeting of Minerva Chapter on the evening of March 8th.

The Worthy Matron of Minerva Chapter, Mrs. R. Upton, welcomed the distinguished visitors and the visiting members of six Chapters.

At the close of the meeting a delicious lunch was served.

During the afternoon Mrs. Upton entertained at an afternoon tea at her home in honor of Mrs. Dick, and Mr. Christie.

Chinook Health Unit Report

The report from the Health Unit indicated that the status of immunization of infant and pre-school population is very good, as over 90 per cent are fully protected. Despite the efforts of various service clubs to encourage the adult population to take advantage of the immunization program results have been very unsatisfactory. Males appear to be the least co-operative in getting the shots.

With regard to communicable disease it was reported that there was no serious epidemic of any kind and the number of communicable diseases was relatively low. There was only one case of paralytic poliomyelitis and this patient had not received Salk vaccine.

It was interesting to note that the school population is in excellent physical health and that there are no cases of malnutrition, but on the other hand, there are a comparatively large number suffering from obesity.

During the year the Health Unit started a new dental program—the object of which was to get a concise figure of the incidence of caries and the state of oral hygiene of the school population and to apply a topical application of Stannous Fluoride to the teeth of children examined and to commence an intensive health education program.

A dental student was engaged for over three months commencing duties at the beginning of June and over 800 children had their teeth examined and most of them received an application of Stannous Fluoride.

It was found that over 80 per cent of the children are badly in need of dental treatment and in the 12- to 14-year age group many have already lost precious permanent teeth.

The Chinook unit have also started the distribution of fluoride tablets.

Town Council Hold Meeting

Coleman town council held its regular meeting Wednesday evening, March 7th when it was announced that the School Board had received notification that Coleman has been granted permission by the School Buildings Assistance Board to construct a school building comprising 10 classrooms with additional auxiliary rooms and a gymnasium.

Council will contact the Old Man River District Planning Commission to look over the plans of the school and the sport grounds where the school is to be located for the purpose of having the school placed in the proper position and location on the grounds.

The report by Bannister Construction Company on the cost and feasibility of installation of gas lines to service Coleman as a public owned utility was delayed for a short time and the report will be presented at the Tuesday, March 20th meeting of council.

Council are also in possession of a sealed tender submitted by Canada Western Natural Gas Company for the installation of such a system.

New School Approved For Coleman

Word was received by the Coleman School District last week from Mr. Shogren, secretary of School Buildings Assistance Board to construct a new school building in Coleman.

The new school will comprise 10 regular classrooms — 10.00 units, two science rooms 3.00 units, one home economics centre 1.50 units, one industrial arts shop 2.50 units, one library 1.00 units, one counselling area .20 units, one gymnasium 6.00 units, and one stage 1.00 units.

The Coleman School Board who have been negotiating for the school for some time has announced that preparations for the construction of the school on the site formerly occupied by the sport ground is proceeding as rapidly as possible.

Men who give in if wrong, are wise; men who give in if right— are married.

lets to expectant mothers and children.

In the statistical section of the report it was pointed out that cardiac lesions were the most common cause of death. The average age of death due to cardiac diseases in our district in 1961 was 71 years. Malignant diseases were responsible for 27 deaths while violent and accidental deaths were recorded in 17 deaths.

Water supplies in the Pincher Creek and Crows Nest Pass areas reportedly remain rather unsatisfactory. Some of the samples taken indicate unfavorable bacterial contamination.

The town of Coleman has made an effort to maintain a proper chlorine residual and as a result the bacterial count of the town water supply has improved.

Pincher Creek are presently studying methods of improving the quality of its water supply.

Blairmore, Frank, Hillcrest and Bellevue water supply is still of a doubtful quality. The water supply systems appear to be inadequate.

It was also pointed out that flies had created a problem during the past season probably due to hot and dry weather.

Practically all towns were sprayed and many restaurants were advised to use Dibrom, a new low toxic spray that proved to be very effective in the elimination of flies.

Lions' 'Sp'iel Is Successful

The Lions Original District Borspiel was held in Coleman curling arena over the week-end of March 3 and 4, with 21 rinks from Cardston, Raymond, Waterton Lakes, Pincher Creek, Blairmore and Coleman taking part in the successful event.

The 'Sp'iel got underway on Saturday evening with two draws being made at 8 p.m. and 10 p.m. A banquet supper, catered to by the ladies of Coleman United Church was held in the St. Paul's United Church hall on Saturday afternoon.

The 'Sp'iel was run on the point system and all rinks entered were guaranteed three games. The four prizes were won by the Eugene Fabro rink of Coleman, who took top honors, being followed for second, third and fourth prizes by the Walker rink of Cardston, Lineham rink of Pincher Creek and Williams rink of Cardston.

The affair concluded on Sunday night with all voting it one of the best borspiels yet held.

Cancer Workshop April 3rd

Mrs. Helen Nedd, president of the Crows Nest Branch of the Canadian Cancer Society has announced this week that a workshop will be held in the Elks hall in Coleman on Tuesday, April 3, commencing at 4 p.m.

Arrangements have now been completed to have Mrs. Trimble of Calgary, present at the affair to display various types of dressings and will, with the aid of a mannequin, demonstrate how the dressings are applied.

Also present at the affair will be Dr. Ken R. Thornton, who will be the guest speaker.

A banquet supper will be held in conjunction with the affair and all are welcome to attend.

Persons planning on attending the workshop should phone Mrs. H. Nedd or Mrs. Phyllis Jones at Coleman or Vern Decoux at Blairmore, so that registrations can be completed for the banquet.

Lodges, clubs and all organizations are invited to send representatives to attend the workshop.

C. N. P. Musical Festival March 19, 20 and 21

Plans are now completed for the Crows Nest Pass Musical Festival, scheduled to be held in the Isabelle Sellon high school auditorium in Blairmore, on Monday, Tuesday and Wednesday, March 19, 20 and 21. The affair is being sponsored by the active Blairmore Lions Club.

Mr. Lawrence Cludray has been engaged as adjudicator for the affair.

Mr. Cludray's academic qualifications include a fellowship of the Royal College of Organists (London), and an Associate of the Royal College of Music (London), piano teaching. He was a former art pupil of Sir Edward Bairs-tow at York Minster, England and is a BBC recitalist.

Mr. Cludray came to Canada in 1947 and was for 10 years organist and choirmaster at St. Andrew's Wesley Church in Vancouver, B. C., and is presently in the same position at St. John's Shaughnessy Church.

He was the conductor of the Bach choir of Vancouver from 1950 to 1958 and has been a regular contributor to CBC programs since 1954. These programs include Music Diary and Critics at Large and Masters of the Keyboard.

He was CBC commentator on the recitals and concerts of the 1961 Vancouver International Festival. He was lecturer at the University of Alberta Summer School at Edmonton from the year 1949 to 1954 inclusive and in 1956.

He is examiner for the Western Board of Music in both theoretical and practical subjects and is sometimes examiner for the Royal College of Organists.

Since coming to Canada, Mr. Cludray has adjudicated at festivals in Edmonton, Calgary, Victoria, Powell River, Peace River, Fairview, Kamloops, Chilliwack, Port Couillard and Prince George.

Symphony Concert Much Enjoyed

The Crows Nest Pass Symphony Orchestra presented a very successful concert in the Elks hall in Coleman on February 28.

The affair was sponsored by the Coleman Lions Club and was directed by Roy Upton.

The well enjoyed program included the following:

Galvotte and Musette, from the Third English Suite—Bach. Two Waltzes, 15 and 16—Brahms. Hungarian Dance No. 5—Brahms.

Soloists, Minuet in E. Flat, from the Symphony in E. Flat—Mozart. Galvotte in G, from Paris and Helen—Gluck.

Soloists, York Moon and Candlelight Dance, from Arcadian Suite—Bernschien. Country Dance in C—Beethoven.

Red Cross Sewing Group Active

The Coleman Women's Red Cross Sewing Group are continuing to meet in the Legion basement on Wednesday afternoons from 2 to 4 o'clock.

It is reported that there is a good deal of work to be done sewing children's clothing, making of quilts and doing other work.

Those ladies who wish to participate but cannot attend the Wednesday meetings have the opportunity of picking up sewing which can be done at home.

New members and sewers will be welcomed by the ladies who are now working in the sewing groups.

Small Blaze Is Extinguished

An electrical fire in basement section of the Federal building in Blairmore was quickly extinguished shortly after 8 o'clock Friday morning.

The fire originated in a refrigerator unit in the basement of the building and the electrical fire backed up the wires in the wall of the building.

The fridge was completely destroyed and damage was done to a section of the wall where firemen cut a hole to remove some of the electrical wires.

Elks, OORP Enjoy Social Evening

The Coleman Elks and the Order of the Royal Purple enjoyed a social evening in the Elks hall on Saturday night, March 3rd, attended by well over 100 persons.

A banquet supper, catered to by the Ladies of the Royal Purple was well enjoyed, after which an evening of dancing concluded the affair.

The human heart rests about eight-tenths of a second between each contraction.

You'll be happier if you are necessary to someone.

Fish & Game Group Have 170 Members

Enthusiasm appears to be growing in Coleman Fish and Game Association as over 45 members attended a meeting held in Grand Union basement on Thursday evening of last week.

To support the above statement, the membership committee report that a total of 170 persons have taken out memberships this year, and the club has now set an objective membership of at least 250 members.

During the evening various problems of fishing and hunting were discussed by the members with a view to commencing action to correct some local problems.

A committee comprising Jim Kerr, Benny Fontana and Henry Tierghien was appointed to look into several projects that the group might undertake this year.

One of the projects brought up was the possibility of locating a new site where a family picnic ground could be developed around a small lake or body of water that could be stocked with fish.

Provincial government would be contacted with a view to getting the waters stocked with fish and having grounds cleared for a family picnic area.

Reports on the Fish and Game convention held in Red Deer recently and attended by Mr. J. Kerr and Mr. Al Krywolt were given by the two local delegates. Mr. Kerr reported on the big game sessions and Mr. Krywolt on the sessions dealing with fishing.

Guest speaker during the evening was Ranger D-I Herford of Coleman, who outlined the program of Junior Fire Wardens of Alberta, sponsored by the provincial government.

Mr. Herford stated that youths between the ages of 10 and 16 could take the training and would get training and instruction in wild life, forest conservation, plant life, safe handling of firearms and other important items. This matter will be brought up at a future meeting of the Coleman Fish and Game organization with a view to possibly starting such a program in Coleman.

Coffee and doughnuts were served after which several films shown concluded the meeting.

Dog Pound Is Filled

Chief of Police Ed Corson reports that the dog pound in town is now in operation and is well filled to date.

Persons whose dogs are missing can probably locate the animals in the pound where they can be picked up.

This action has had to be taken by police as many complaints of hordes of dogs running loose in town and creating a nuisance has been reported to council who, after fair warning to the public, ordered the police to take steps to rid the town of this nuisance.

Children of Former Coleman Resident Perish in Fire

Mr. and Mrs. Jake Martin lost their two daughters, Elaine Joy, aged 18 months and Cynthia Ann, aged 8 months, when they died in a fire which completely destroyed their trailer home at Pincher Station on Sat., March 10, despite the quick action and response of the Pincher Creek fire department.

Mr. and Mrs. Martin opera-ted the B.A. cafe off Highway No. 3 at Pincher Station.

Pincher Creek Fire Chief Albert Ames said the cause of the fire is not yet known. J. H. Leyland, fire inspector of Lethbridge, is investigating.

Mrs. Martin was the former (Pat) Nelson, daughter of Mr. and Jack Nelson, who formerly operated the Kanafaskis Service Station in Coleman. The sympathy of many Pass friends goes out to Mr. and Mrs. Martin in their sad bereavement.

Music Results Are Announced

The following results in theory were announced by the University of Alberta for the Western Board of Music exams held in February in the Pass:

Grade three honors — Donna Rypien; pass, Jacalyn MacQuarrie, both of Coleman; grade two, first class honors, Alan Halton of Hillcrest, Marie Wojczel and Lorraine Petruk; grade one, first class honors, Kathleen Cleveland and Lois Hall of Blairmore, equal, Melody Edl of Frank, Valdene Salus, Naomi Kimoto of Coleman and Gregg Ferstay of Blairmore.

YOUR RED CROSS SUPPORT SAVES DOLLARS AND LIVES

Last year 18,735 hospital patients in this province, received an average of two blood transfusions. This means at least 37,500 pints of blood were required to meet the needs of these men, women and children.

Have you ever stopped to think what would happen if this blood supply was not available?

If a person needed blood and the supply was exhausted it would mean calling on relatives, friends and neighbors. Precious moments would be lost in the patient's fight for life as available donors were called in and their blood typed. Failing this, the appeal would be met by the old system of buying blood... and paying the average rate of \$25 per pint. Several transfusions might be necessary in which case the cost to the patient for each transfusion would keep soaring.

Through the Red Cross Blood Transfusion Service a blood supply is maintained to meet the needs of some 132 hospitals in Alberta, with such blood provided to the patient at no cost.

BUT far and beyond the dollars involved are the thousands of lives which are saved in

each year through this service — the lives of infants which depend on a complete exchange of blood at birth to survive — the children who only hope for a normal life-span is a hole-in-the-heart operation, requiring 15 to 20 pints of whole blood — the accident victims who need an immediate supply of blood to combat shock — the haemophiliac cases which require a constant supply of blood at regular intervals to stay alive — and the hundreds of other people right here in this province who are alive today because blood was available for a transfusion when they needed it.

The Red Cross Blood Transfusion Service provides insurance that whole blood and blood products will be available when required. This service is made possible through two things — the generosity of thousands of men and women who donate their blood at Red Cross clinics — and the generosity of those who give their dollars to maintain this life-saving service.

This year when the Red Cross canvasser calls on you — **GIVE GENEROUSLY.** Your dollars are needed to keep a ready and available supply of blood for hospital patients in this province.

RCMP Release Traffic Statistics

Inspector Vaucher, officer commanding, the RCM Police at Lethbridge, has released the following statistics regarding Highway Traffic Accidents for the year 1961, covering the Lethbridge Sub-division (Southern Alberta)

Accidents—
 Fatal 23
 Injury 278
 Property 673

One-vehicle Accidents—
 Cars 475
 Farm Trucks 108
 Other 86

Two or More Vehicles—
 Two 287
 Three 16
 More 305

Persons—Injuries—
 Driver 198
 Passenger 228
 Pedestrian 2
 Farm Tractor 1

Fatalities—
 Driver 19
 Passengers 11
 Pedestrian 1

Accidents—
 Highway 477
 Municipal Roads 497

Day of Week—
 Monday 120
 Tuesday 105
 Wednesday 110
 Thursday 110
 Friday 146
 Saturday 203
 Sunday 180

It will be noted that there were twice as many one-vehicle traffic accidents as there were accidents involving more than one vehicle. Also more traffic accidents occurred on municipal roads than on the highways. Traffic accidents are normally greater during the week-

end with more occurring on Saturday than any other day. Driver action is by far the greatest cause of traffic accidents. Domestic and wild animals were responsible for 100 accidents.

The obvious conclusion is that drivers are causing 60 per cent of the accidents, apparently driving too fast for conditions, and mostly on municipal roads.

Birch plywood to be promoted around the world

The many advantages of Canadian Birch Plywood as an ideal finishing material for home and office are described in an attractive full color brochure issued by the Department of Trade and Commerce in co-operation with the Canadian Hardwood Veneer and Plywood Bureau of the Canadian Lumbermen's Association.

Entitled "Beauty in Plywood—Canadian Birch", the new brochure will be used in Canada's export trade promotion drive by the Department, and will be distributed to potential buyers in direct mail campaigns and at timber trade fairs in Britain, the U. S. and other countries.

The brochure explains, with several striking illustrations, the innumerable applications of Canadian Birch Plywood for decorative and practical interior effects.

With its deep graining and richly-textured surface this aristocrat of Canadian woods is as highly prized in modern office buildings as in the warm and intimate surroundings of the home.

Some of the many applications are walls, and partitions, built-in cabinets, and matching floors and wall panelling.

Irish American invented tea bags

An Irish American by the name of Sullivan is credited with inventing the popular and convenient tea bag.

Sullivan discovered that he could save a great deal of money for his tea firm by distributing his samples in small cloth bags. Tea bags today are used by over 60 per cent of the people who drink tea.

The discovery of iced tea has a historical background. In 1904, a

terrific heat wave hit the St. Louis World Fair. One man tried in vain to attract people to his hot tea pavilion, then he came up with a new idea. In desperation he prepared an extra-strong brew of tea and served it with chunks of ice and lemon had sugar.

It was a big hit.

HIS PROBLEM

In the days of prohibition, officers raided all of the known boot-leg places in town and hauled 25 men into court. As they were arraigned, the judge asked each man his own business. Each one, until the last one, replied, "I'm in the real estate business."

When the last man stood before him, the judge asked him his occupation. "I'm a bootlegger, Your Honor," the fellow replied to the startled judge.

When the judge got over his surprise he asked the man how business was. The man replied, "It would be okay if there weren't so many real estate men around."

Navigable Waters Protection Act R.S.C. 1952, Chapter 193

Saratoga Processing Company Limited hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works, at Ottawa, and with the Registrar for the South Alberta Land Registration District, at the Land Titles Office, Edmonton, Alberta, a description of the site and the plan of a pipeline for the transportation of natural gas under and across the bed of the Oldman River, in the South East Quarter of Section 36, Township 11, Range 4, West of the 5th Meridian.

And take notice that after the expiration of one month from the date of publication of this notice, Saratoga Processing Company Limited, under Section 7 of the said Act, will apply to the Minister of Public Works, at Ottawa, for approval of the said plan.

Dated at Calgary, Alberta, this 28th day of February, 1962.

HOCKEY NEWS

Grands Take Taber 4-3; Take One Game Lead In Playoffs

The Coleman Grands, who apparently should have had the first home game, when they started the playoffs with the Taber Chiefs, in the intermediate "A" provincial championship, came up with a win by 4 to 3 score.

The Grands were without the services of Ed Belter, Vince Bosetti, Bentley and Lorne Brooks. The Grands, who outplayed, out-shot the Chiefs, were the masters on the ice throughout the game, and without the brilliant goal-tending of goalie of the Chiefs the score could have been much more lopsided.

The Grands will play the Chiefs on Tuesday, March 6th in the second game and then return to Taber for a third game on Thursday, March 8th.

It is more than likely the Grands will finish this series in three straight games.

Winner of this series will go up against the powerful Golden Bears of Edmonton, who have been really knocking off everything in sight for the past year.

However, it is more than likely the teams they have been playing are of the calibre of the Calgary Addersons and they have not come up against a fighting club like the Coleman Grands, who are probably the best intermediate team in the West.

We pick Coleman to take Chiefs three straight, then take the Bears in four games in the 5-game series.

Let us again remind the hockey fans, all games from here on in are playoff games, although these games are worth \$1.50 per game, the usual admission of 75c will stand—so let's pack the arena.

All Sunday games will have the local RCMP band in attendance. Don't forget, folks, the admission is only 75c.

Grands Whitewash Taber Chiefs

The Coleman Grands, who have the most controversial team in the Big Six League, and called the unpredictable capable of losing or winning to any team in Canada, severely trounced the Taber Chiefs in the Coleman arena on Tuesday to take a two-game lead in the 1st round of the provincial playoffs.

The score was Coleman 8, Taber 1. Shots on goal were Coleman 64, Taber 18. Goalkeeper saves, by Taber 56, by Coleman 17.

The above statistics should be enough to show that the Grands should actually be in a league superior to the Taber Chiefs and it is more than evident at this time the Grands will take three straight games from the Taber Chiefs.

Coleman's Mr. Hat Trick of Hockey (Fred Churla) came up with three big goals and two assists to lead the onslaught. Skip Gettman, back with the Grands again, came out and played the hockey he is capable of doing. The Skipper scored three goals to show the local fans that a defenceman with the ability to rush can score as forwards do.

Ted Kryczka, the old reliable, and probably the only player in the league that would have beaten Brooks in the scoring column, had he played all the games, came up with one goal as did the flashy Dick Koentges who seems to have scored goals in every other game throughout the season.

The large crowd on hand was treated to some very fancy skating and hockey by the Grands.

Coleman, who appeared to play the cleaner hockey of the two teams, came up with 7 of the 11 penalties—it was evident that the Grands missed the watchful eye of Shorty Jenkins who was working and unable to referee.

Referees were Steve Arisman of Lethbridge, and Tony Meikle of Taber. The Grands' slogan "Give Us a Large Crowd and We Will Beat Any Team We Play"—Keep up the good work, fans.

Grands Clobber Buffaloes Twice

The Coleman Grands whipped Calgary Buffaloes in two straight games over the week-end to take a commanding two-game lead in the semi-finals of the Big Six playoffs.

The Grands won the first game Saturday night 7 to 2, then took Sunday's game by a 6 to 3 score.

Should the Grands take the third game of the series in the Calgary Corral on Sunday, the Grands will then have to play a three-out-of-five game series with the Calgary

Addersons club.

The Grands play without Brooks who has an injured shoulder. Ted Kryczka, the old veteran, took up Brooks' position at centre ice between Martini and Churla and the big line appeared to be strengthened, rather than weakened.

Ted's absence on the third line was missed and the big rocket, Jerry Scodellaro lacked his zip of late without Ted on his line.

Ken Cush, in the nets for the Grands, again played brilliant hockey. Had it not been for Cush in the nets on Sunday, this reporter openly admits the Buffaloes would have beaten the Grands, who played without their star defenceman, Ron Yanosik, who had an ankle injury.

Grands were also without Bentley and Bosetti on defence, Brooks and Belter on the forward line.

Big Ron Yanosik came back limping as did Bentley in the 3rd period to front the Grands who were playing with only two defence men—Steve Lyons and Skip Gettman.

Give credit to Lyons and Gettman—when the chips were down they both played tremendous hockey in front of Ken Cush, who at times thought he was on the firing line in the army.

In Saturday's game the Grands completely mastered the game for the three first periods and the Buffaloes were never in the game.

Yanosik on defence, played dazzling hockey and made the Buffaloes look like small boys any time they broke through to try and get a shot on the nets.

Ron Koury improving every time out, played his best game of the season and it is evident Ronny will be one of the big names in hockey in Coleman in two years' time.

No credit can be taken from any player on the Grands club for their play on Saturday night—and it would be incorrect to really try and pick stars in this game—they were all-stars.

Coleman Shows Big Six League The Way

If any person has reason to feel proud it should be the 'talkative' Angelo Gentile of the Grand Union Hotel, who is president of the Coleman Grands Hockey Club.

We must not forget Bill Fraser of the Crows Nest Bottling Works, who is secretary of the club and also beside Angelo, in mostly everything he does, in an effort to give the Crows Nest Pass one of the finest and strongest hockey teams they have ever had.

Coleman Grands have now won 18 games out of the last 20 they have played in the Big Six League and playoffs.

Top goal-tender of the league is Ken Cush with a 2.79 average. Top goal scorer of the league is Fritz Churla with 39 goals. Top point-scorer of the league in goals and assists is Lorne Brooks with 93 points. Fritz Churla was second in points with 69.

Brooks scored an all-time record for assists in the Big Six League with 67; Churla can be given a lot of credit for this.

So, there we have it. So much for points, averages, etc.

Ron Yanosik is the most valuable defenceman in the league. Lyons and Gettman are as good as any other defencemen on other teams. Martini, Scodellaro, Cavers, Koentges and Kryczka could play on any all-star team in any intermediate "A" league in Canada.

Why shouldn't Angelo be proud? Those who told Angelo he had a bunch of "ham-and-egggers" at the start of the season and laughed when he said he had a team good enough to play the Russians are now telling Gettman he has a wonderful hockey club.

This hockey team can and will put the town of Coleman on the top of sport news in Canada.

The folks who are missing this hockey may never get the chance to see such calibre of hockey again in the Crows Nest Pass.

Angelo, we salute you!

The Grand Union Hotel can be proud of their team.

Grands Knock Chiefs Out 3 Straight; Cush Terrific

The powerful Coleman Grands went to Taber and knocked over the strengthened Taber Chiefs for the third straight time in the first round of the provincial intermediate "A" playoffs.

Coleman won the third and final game by a score of 4 to 2.

They now go up against the University of Edmonton Golden Bears. At this time our paper has no information as to the first game to be played in Coleman; however, we will do our best for our readers to find out just when the first game in Coleman will be.

Ken Cush, Coleman Grands' goalie, played terrific in the nets, for the Grands, who appeared to be tired at times after travelling all the way to Taber in the snow storm—when the Grands weakened, Cush got stronger.

According to reports by the best old timers, Ken Cush is the best goal-tender that ever played in the nets in Coleman. To this writer he definitely is far ahead of the field in the goal-tending area in the Big Six Hockey League, and Mr. Watson's idea of stating Ken Cush has not played enough games to be able to qualify, is a bunch of rubbish.

It took Mr. Watson no time at all to bring Churla down in the final standing because of the fact that other players had not played enough games.

In our books and final statistics, Coleman Grands' Ken Cush won over all goalies in the league for the best goal average. Ken's average was 2.79, far ahead of Gillet of Addersons with 3.61.

Remember, Ken played for Coleman, Gillet played for the highly over-rated Calgary Addersons team.

Head, Gettman Make Up

The Head—Gettman feud is over.

Ken Head, coach of the Grands, who suspended Gettman recently for walking off the ice, has now reinstated Skip Gettman. It appears the two got together and had their feud all straightened out.

Who won and who lost?

No one lost, but Head won!

Without Skip Gettman in recent games when injuries plagued the Grands defence, Gettman rose to the occasion—results, Grands came through with a slim win or two.

Without Gettman they would have lost.

Only recently the Gettman of old scored a hat trick for the Grands when they hosted the Buffaloes in the Coleman arena.

So, all in all, Ken Head, who has made a winning team of the Coleman Grands since he took over the coaching, etc., came through with another victory when he reinstated Gettman to keep Grands in the win column.

Journal Picks Cush As Top Goalie

Ken Cush, as far as The Coleman Journal is concerned, is the top goal tender of the Big Six Hockey League.

League officials state Cush did not play enough games to take top spot for the best goal average.

Our Journal puts it this way—If the league is going to put the percentage on those basis, then they must put it on percentage basis all the way down the line.

Cush of the Coleman Grands had one shut-out, as did Thornycroft and Krysnak—the league officials have them all tied up.

We wonder why these over-intelligent officials did not put in the percentage system here. Cush had one shut-out in 14 games. The other two goal-tenders had one shut-out in around 30 games they played. Ken Cush, you are top goalie, says The Journal,—any way the officials want to put it.

Provincial Play-Off

Coleman Grands will meet the Edmonton Golden Bears in the first game of the Provincial play offs at the Coleman arena on Thurs, March 15, at 8:30 p.m.

Letter to the Editor

Calgary, Alta.,
 March 1, 1962.

Dear Mr. Holstead:

Would you please let me know how much I owe you on my subscription for The Journal.

Also please note the change in my address and send all future Journals to this new address.

I'd like to be remembered to all my friends in Coleman.

Thank you.

Yours truly,
 Mrs. G. Gentile,
 c/o Bethany Chronic
 Hospital,
 Calgary, Alberta.

Marilyn Monroe may not have "it"—but she's got it better organized.

Personalities IN THE NEWS

Mr. Everett Price of Victoria, B. C., was a recent Coleman visitor, renewing old acquaintances. Mr. Price attended school and resided in Coleman for many years.

Mr. and Mrs. E. Fontana of Lethbridge, visited the latter's parents, Mr. and Mrs. J. Rogers last week.

Mrs. C. Garner was called to Lethbridge due to the illness of her daughter, Mrs. W. Aschacker.

Mrs. E. Bowman of Calgary visited at the homes of her sons and family, Mr. and Mrs. P. Bowman and Mr. and Mrs. R. Bowman. She also visited Mr. and Mrs. W. Hopkins.

Mrs. J. Kobewka has returned after spending a two-week holiday with her daughter in Lethbridge. Miss Kobewka is employed with the Alberta Government Telephones.

ACI Laurent Desjardins of the RCAF station, Clinton, Ont., has returned after having been the recent guest of Mr. and Mrs. T. Kovach and daughter Cecelia of Coleman. While on his two-week furlough ACI Desjardins and Miss Kovach visited with friends and relatives in Fernie, Sparwood, Cowley, Pincher Creek and Lethbridge, where Mr. Desjardins recently completed a year-long radar electronics course, and was second highest in his class.

Mr. and Mrs. R. A. Montalbetti are Edmonton visitors this week, the guests of their daughter and son-in-law Mr. and Mrs. C. Houck.

Mr. and Mrs. J. Owen were Calgary visitors over the week end the guests of their daughter and son-in-law Mr. and Mrs. G. White.

Sergeant Dick Gardiner, R. C.A.F., based at Trenton, Ont. is visiting his family, Mrs. Gardiner and two children who have been spending the winter months with Mrs. Gardiner's parents Mr. and Mrs. Leonard Hotte.

Coleman Lions Cub Pack, No. 2, under the leadership of Mrs. J. Colwell, held a successful tea and candy sale in the United Church hall on Saturday last. The Cubs very ably served at the tea tables.

Dr. and Mrs. J. N. Chappel are spending a short holiday in Edmonton.

Mr. V. Colagrossi is now a patient in St. Vincent's Hospital in Pincher Creek. He received serious injuries in a car accident last October and was hospitalized in Lethbridge. Mr. and Mrs. G. Jenkins visited him last week.

Mr. C. Westley has returned after a short holiday spent in Vancouver, B. C., where he visited his mother.

Mrs. R. Greenhalgh is convalescing at her home after being a patient in the Crows Nest Pass Municipal Hospital.

Friends are sorry to hear that Mrs. G. Derbyshire is ill at her home.

Mrs. Alice (Dave) Sudworth was a delegate sent from Victoria Rebekah Lodge No. 7 to the Rebekah Assembly held last week in Calgary.

Mr. Frank Baruta on the police force in New Westminster, B. C., is spending a three-week holiday at the home of his parents, Mr. and Mrs. F. Baruta.

Mr. and Mrs. Paul Rempel of Swift Current, Sask., recently visited the latter's parents, Mr. and Mrs. A. B. Westworth, who were both hospital patients. Mrs. Westworth is now convalescing at the home of her brother-in-law and sister, Mr. and Mrs. J. Rogers. Mr. Westworth is still a patient in the Crows Nest Pass Municipal Hospital.

Mrs. Rosie Coccolone recently suffered a fall and fractured her left arm and is a patient in the Crows Nest Pass Municipal Hospital.

Mrs. Mary Kosma has returned from a several months holiday in California, and other U. S. A. points, and is now visiting with her son-in-law and daughter, Mr. and Mrs. G. Lant, Jr.

Mrs. Ladik Tymchyna and infant son of Cranbrook, B. C., were recent guests of her parents, Mr. and Mrs. S. Penny.

Mr. F. Andrushak was a recent business visitor in Calgary.

Mr. S. Andrushak of Creston, B. C., recently visited with relatives here.

In our last issue we omitted to mention that Mrs. Agnes Kerr of Oakland, Calif., was a visitor at the home of Mr. and Mrs. Dave Bouthillier, while here attending the funeral of her father, the late Mr. J. (Jock) Ferguson.

Correction from our last issue—Born to Mr. and Mrs. J. Duncan, a son, at the Crows Nest Pass Municipal Hospital on February 20—He will be given the name Craig.

Birthday Party

Linda Ann Colwell entertained ten of her young schoolmates when she celebrated her 7th birthday on the afternoon of March 5th.

A delicious lunch was served by her mother, Mrs. J. Colwell, with a candle-decked birthday cake centering the table.

All joined in singing "Happy Birthday Linda" as she blew out the candles.

Birthday Party

Miss Judy Coover was honored on her 16th birthday when 25 of her friends gathered at her home on the evening of March 9th.

Catered to by Mrs. H. Zak a delicious turkey supper was served, with a dainty decorated birthday cake centering the table.

All joined in singing "Happy Birthday" as she cut the cake.

An enjoyable evening was spent in games and dancing. Judy very ably thanked her friends for the lovely gifts received and the kind wishes.
